PREFACE

This simple Alerting Service Bibliography is intended as a timely update for ERIC users who request the publication by mailing the Clearinghouse a self-addressed, stamped (10c) 9x12-inch manila envelope.

This bibliography includes books sent to the Clearinghouse for processing and review, but which are not applicable for inclusion in Resources in Education, ERIC's regular monthly catalog.*

Listing of these books does not in any way imply an endorsement of them. All books chosen for this publication deal in some way with libraries or media, but may not necessarily stress educational aspects of these fields. An elementary classified index is included at the conclusion of the publication.

*For ERIC users familiar with the processes of the Educational Resources Information Center, the books listed herein are Level III documents (copyright, available only from publisher) which are not listed in Resources in Education, due to new regulations which call for a minimum of Level III entries.

AUDIOVISUAL AIDS

Amelio, Ralph J.

Hal in the Classroom: Science Fiction Films. Dayton, Ohio: Pflaum Publishing, 1974. 153p. $4.95

This anthology of readings on science fiction, fantasy, and speculative films is intended as a resource book for those who wish to teach in any of the following areas: future studies, science fiction, film, or literature and English.

Bowers, Melvyn K.

Easy Bulletin Boards: Number 2. Metuchen, N.J.: The Scarecrow Press, Inc., 1974. 209p. $6.00.

Designed to help the busy librarian, this new and enlarged work offers proven design suggestions that can be completed in a minimum of time using generally-available materials.

Clark, David Sanders.

Index to Maps of the American Revolution in Books and Periodicals: Illustrating the Revolutionary War and Other Events of the Period 1763-1789. Westport, Conn.: Greenwood Press, 1974. 301p. $15.00.

Locates reproductions of contemporary printed and manuscript maps of the American Revolutionary period.

Foreman, Lewis.

Systematic Discography. Hamden, Conn.: The Shoe String Press, Inc., 1974. 144p. $9.50.

A comprehensive guide to the documentation of recorded sound.

Miller, Lynne G.

Ready-Made Bulletin Boards for Elementary Schools. New York: Citation Press, 1974. 80p. $2.95.

A compilation of 32 bulletin boards specifically devised for the busy elementary school teacher who doesn't have time to think up, design, and research a new bulletin board each month.

BIBLIOGRAPHIES

Davis, Enid, Ed.

The Liberty Cap: A monthly Bibliography-Newsletter of Recently Published, Non-Stereotyped Children's Books and Resources. 1050 Newell Rd., Palo Alto, California. $4.00 for 6 months.

An annotated listing of about 50 books for pre-schoolers to young adults is given each month.

FID Study Committee Information for Industry (FID/II), Comp.

Index to Users Studies: FID 515. The Hague: International Federation for Documentation, 1974. 103p. $12.00.

This bibliography provides references with abstracts to more than 200 studies of the past 10 years in over 20 countries in the field of information use and services. Extensive subject and author indexes are included.

Ott, Helen Keating.

Helping Children Through Books; A Selected Booklist for the Seventies. Bryn Mawr, Pa.: Church and Synagogue Library Association, 1974. 16p. $1.75.

This briefly annotated bibliography was developed for a workshop on helping children with minor problems through the use of books. The books are grouped by subject and age group.

Rollock, Barbara, Comp.

The Black Experience in Children's Books. New York: The New York Public Library, 1974. $2.50.

This revision of a bibliography published in 1971 includes books suitable for children of all ages reflecting the social, political, and economic contributions of blacks.

COMMUNICATION (THOUGHT TRANSFER)

Alexander, Yonah.

The Role of Communications in the Middle East Conflict: Ideological and Religious Aspects. New York: Praeger Publishers, 1974. 302p. $17.50.

Analyzes the ideological conflict between Arab nationalism and Zionism which lies at the core of the Middle East conflict.

Clarke, Peter, Ed.

New Models for Mass Communication Research: Sage Annual Reviews of Communication Research Volume 2.

See MASS MEDIA.

COMPUTERS/CAI

Brier, Alan, and Ian Robinson.

Computers and the Social Sciences. New York: Columbia University Press, 1974. 285p. $12.50 ($6.50 paper).

Intended as an introductory text and a reference source, this book explains the technical details of using computers in the social sciences.

David, Martin H., William A. Gates, and Roger F. Miller.

Linkage and Retrieval of Microeconomic Data: A Strategy for Data Development and Use. Lexington, Mass.: D.C. Heath and Company, 1974. 297p. $16.00.

Reports on the history of a large-scale data collection project in sufficently general terms to be of use to others who attempt assembly of data archives on limited budgets and without captive facilities.

Halas, John, Ed.

Computer Animation. New York: Hastings House, Publishers, 1974. 176p. $20.00.

Twenty-five leading exponents of computer animation assembled this well-illustrated exposition of its rapidly developing art and technique.

Uttal, William R., Miriam Rogers, Ramelle Hieronymous, and Timothy Pasich.

Generative CAI in Analytic Geometry. Ann Arbor: University of Michigan, 1969. 107p. $10.00

The successful application of generative computer-assisted instruction to the teaching of analytic geometry is described.

EDUCATIONAL INNOVATION

Bailey, William J.

Managing Self-Renewal in Secondary Education. Englewood Cliffs, N.J.: Educational Technology Publications, 1975. 185p. $9.95.

Suggests ways to improve a secondary school without resorting to the radical approaches which might not be acceptable in many communities.

Hamlin, Bette.

Awareness Experiences for School Use. Dayton, Ohio: Pflaum Publishing, 1974. 73p. $3.95.

The author presents 53 awareness experiences found to be efficient in helping youth become personally responsible, self-accepting, and more integrated beings.

O'Connell, Brian.

Aspects of Learning. New York: Crane, Russak & Company, Inc., 1974. 144p. $11.50.

Examines a series of learning processes in an effort to explain the "why" and "how" of learning without partiality toward any particular teaching method.

Spodek, Bernard, and Herbert J. Walberg, Eds.

Studies in Open Education. New York: Agathon Press, 1975. 244p. $12.00.

A variety of approaches to open education are presented in this anthology.

ELECTRONIC EQUIPMENT

Electronic Industries Association.

Index of EIA & JEDEC Standards & Engineering Publications. Washington, D.C.: Electronic Industries Association, 1973 (with addenda through Dec. 1974). Free.

FILM STUDY

Amelio, Ralph J.

Hal in the Classroom: Science Fiction Films.

See AUDIOVISUAL AIDS.

Edmonds, Robert.

About Documentary: Anthropology on Film. A Philosophy of People and Art. Dayton, Ohio: Pflaum Publishing, 1974. 115p. $6.95 ($4.50 paper).

Intended for use with college students, this book provides the theoretical framework for the study of documentary film.

Kaminsky, Stuart M.

American Film Genres: Approaches to a Critical Theory of Popular Film. Dayton, Ohio: Pflaum Publishing, 1974. 232p. $12.95 ($7.95 paper).

An examination of critical ways of looking at and understanding popular American films in an historic, social, cultural, and literary context.

LIBRARIES

Bowers, Melvyn K.
